MY CAREER BACKGROUND:

"Think Globally, Act Locally."

Hello! 🙌 Let Me Begin With A Question — Have You Ever Felt The Need For An Expert Who Focuses On (Deeply) Understanding What YOU Need, Rather Than Bragging About Their Own Expertise? — If So, Look No Further!

My Name Is Umer — And My Goal Is To Make YOU Succeed In YOUR Goals.

Most People Find Me As A Dynamic, Articulate And Smart-Working Individual. Always Eager For A (Win-Win) Collaboration And To Take On New (And Impactful) Challenges. My Work Mantra Is That Every Detail In (Almost) Anything — Absolutely Matters!

Driven By An Ever-Evolving Passion For 🚀 **Digital Transformation**, I Am Blessed To Have Evolved As A Multi-Dimensional Thinker, Worker & Learner Across Several Industries (Including Information Technology, Software, Robotics, Automotive & Automation) With **About 5+ Years** Of Versatile Experience, A Business & Marketing Acumen, A Diversified Technical Skill-set And A Focus On Impactful Communication.

☐ **CORE VALUES I THRIVE ON:**

- Growth Mindset (As Opposed To A Fixed Mindset)
- Empathic And Learn-It-All Thinking (As Opposed To Know-It-All Thinking)
- A Sense-Of-Purpose To Be Able To Meet The Un-Met, Un-Articulated Needs Of The People.
- Honesty And Transparency In Life, At Work And Across A Company's Culture.
- Fostering An Ethos Of Innovation, Inclusion, Diversity & Interactive Learning.

☐ **THINGS I LOVE DOING (AND CAN HELP YOU WITH):**

- Creating & Managing Great User/Human Experiences.
- Descriptive, Predictive & Prescriptive Data/Business Analytics
- Augmented/Mixed Reality Based Immersive Experiences
- Cognitive Robotic Process Automation
- Writing Meaningful Content, Articles Or Anything That Drives Positive Change.
- New Product Development & Management
- Evolving Self-Awareness & Communications Across People & Teams.

MY WORK HISTORY / PROFESSIONAL EXPERIENCES:

• **Technical Team Lead**

Oct 2019 – Present

Powersoft Nineteen (Pvt) Ltd.

Lahore, Pakistan

Developing, managing and empowering people, teams and companies with the Technologies that really help improve their lives. Making business processes easier, faster and better to achieve more, together!

Core Focus: Cognitive RPA, Data Analytics, Custom Business Apps, API Integrations

Number of Successful Projects: 8 (Scoped, Developed and Managed)

- Freelance Technical Writer** Mar 2020 – Aug 2020 (6 mt)

Amazon's Subsidiary - GetDotBot Lahore, Pakistan
 I ideate and write featured articles for **Discover.bot**, a resource website/community by Amazon for the AI developers and professional users alike that covers a wide range of topics related to chatbots, AI and robotics. Discover.bot is part of a broader **Amazon** project called **GetDotBot**, which provides developers with tools to develop their own bot and publish it with a .bot domain.
- Vice President, Engineering** Mar 2019 – Sep 2019 (7 mt)

Kaprix Consulting Lahore, Pakistan
 Digital workforce transformation through Robotic Process Automation & Artificial Intelligence. Delivering end-to-end digital enablement for companies and individuals through customer-obsessed innovative thinking. Streamlining and automating every process and operation ranging from KPIs through APIs.
- Process Automation Lead (.NET, RPA)** Apr 2017 – Jul 2018 (1.4 yr)

AppsGenii Technologies (Pvt.) Ltd. Lahore, Pakistan
 I was assigned to be working in and around the ecosystem of **Accelirate, Inc.** (formerly known as *AutomateWork Inc.*) headquartered in **New Jersey, USA** which is a partner company of **AppsGenii Technologies**.
 - Working Domains:** BPA, Cognitive RPA, AI / ML, Computer Vision, OCR
 - RPA Toolsets:** UiPath, Blue Prism
 - Frameworks/Platforms:** Microsoft .NET, C#, VB, HTML, JavaScript, SQL, Python
- Software Developer (.NET)** Oct 2016 – Apr 2017 (7 mt)

FiveRivers Technologies (Pvt.) Ltd. Lahore, Pakistan
 - Developing, designing & implementing scalable .NET-based Apps and Solutions.
 - Writing clean, readable and reusable C# Code and Libraries. Creating database schemas in SQL Server that represent and support business processes.
 - Test-driven Development in VS, .NET, C#, ASP.NET (MVC + WebForms), Web Services, JavaScript, HTML5, CSS3, JQuery, AJAX, JSON, SQL, EF, LINQ, XML, SVG, Bootstrap, Adobe Creative Suite
- I.T. Coordinator (ERP Development | ASP.NET)** Nov 2015 – Apr 2016 (6 mt)

Porsche Pakistan – Performance Automotive Limited Lahore, Pakistan
 To propose, architect, develop, maintain and supervise a sophisticated in-house Application infrastructure with the integration of corporate identity standards as defined by the **Porsche AG** marque.
 - Developed in-house ERP software modules: Interactive Asset Management, Aftersales Management
 - Architecting, Developing, Designing, Debugging, Implementing & Updating the ERP systems
 - Training end-users & assisting other staff to get familiar with existing and new IT solutions
- Independent Contractor (Award-Winning, Top-Rated Freelancer)** January 2016 – Present (5+ yr)

Upwork Inc. Worldwide
 Software Consultancy, Development, Management, Compliance, Financing & Marketing tech products & services in a collaborative freelancing capacity operating under my name.
